

K-LOVE serves the Tucson community with positive programming twenty-four hours a day, seven days a week, 365 days a year. I cannot even imagine what it would be like to no longer have this positive programming in my families' life. Our children enjoy the station and do not have to listen to the vulgar music and comments made on many other stations.

If we no longer have access to K-LOVE our community would likely get even more of the unacceptable type of programming we have on many other stations. American's wonder why we have many of the problems we face today; in my opinion it is directly related to the garbage they see on television and hear on the radio. The vulgarity that comes across public airwaves is disturbing and we certainly do not need more of this type of programming in our community as well as other communities across our United States.

I firmly believe that K-LOVE adds a great deal of peace to many family's lives across America. Without a station that provides nothing but positive programming where will we turn? Think about our country just a few short years ago when we didn't have all this swearing and vulgar comments on our airwaves. We may have been considered naïve in some respects but I for one would go back to the 60's or 70's type of programming any day of the week.

Please do not let these stations be shut down by changing policy. Instead we should be reinforcing what K-LOVE does for our society.

Regard,
David Broughton
